Create a memorable and magical learning experience for your pupils with English Adventure.

Your pupils will love the familiar Disney characters who help motivate them to learn. They will also identify with the real world sections in the book that reflect their own lives.

□ Be confident that your pupils will achieve what they set out to learn with the gently-paced but well-structured syllabus that constantly revises and reinforces what has been taught □ Cater for the different learning styles in your class with the variety of activities in the Pupil's Book □ Get your pupils practising their vocabulary by singing along to a superb range of original songs and chants □ Extend learning either at home or in class with the CD-Rom □ Encourage your older pupils to read using the free reader in Levels 3 and 4 □ Recycle language in an enjoyable way using the videos featuring fun presenters and Disney characters
